Supply of outriggers and permanent walkway steelwork

Christmas party at The Star Hotel

WELCOME TO OUR FIRST NEWSLETTER FOR 2018

Macfab has been very busy – so much so that we needed staff to work over our usual Christmas shutdown! A big thanks to those who volunteered to work and keep up with our busy deadlines.

ACHIEVEMENTS & TRAINING

Formal training was given to one of our new TA's on high risk work and forklift training. Internal training was also conducted by the QSE Manager for the 10 apprentices in January on "start safe, scan your work station" and in February "using correct policies and procedures focused in using power tools and welding equipment".

This year we welcome 4 new 1st year apprentices (pictured above) from L-R Joshua Dodd, James Morrow, Mark Jose and John Balbin. We wish them every success in their apprenticeship and their time at Macfab Engineering.

Our Christmas party was held at the Star Hotel Albury on December 23rd (top right). A great evening was had by all. Our honour board was again taken there with the 3 years, 5 years and 10 years' service being recognised.

STAFF MILESTONES

Macfab congratulates Rick Zamudio and Dave Portelli (pictured right) for being a part of Macfab for 10 years! Rick is a qualified Welder and holds the position of a Leading Hand in our workshop, overseeing the works

of those under him. Dave is our Quality Controller checking that all our welds and steelwork is spot on before despatch to site. We thank them both for their valuable input into the growth and success of Macfab Engineering.

Big congratulations to our staff who clocked up **5 years' service** last year - **Nirmal Bhandari, Johnson Kochappu, Aaron Sale and Harry Singh.**

Andrew Dean, Tom Coulston and Carlos Jose have all clocked up **3 years' service.**

See you all in June!
Michelle, Mud and all the Macfab team
