### ACHIEVEMENTS & TRAINING

Congratulations to several of our staff who completed their First Aid certificate in September: John, Rhiannon, Mehdi, Danny Boy, Jeric and Ash. Always good to keep up with this training for the safety of all our workers.

We also purchased a defibrillator machine in case of any emergencies we encounter with any Staff. Aaron, Nirmal and Harneet were trained on the new Daito saw machine.

Our new saw was finally installed and is up and running for business. Alex also completed his forklift training.

Mikey Willett, one of our most loved employees, left us in September after being with Macfab for 7 years. Mikey brought so much fun and personality to all he came in contact with. Enjoy your new journey in Melbourne Mikey! We also thank the Personnel Group for their ongoing support to Mikey and Macfab throughout this time.

**Please note: Macfab Engineering will close on Friday, December 18, 2020 and will re-open for business on Tuesday, January 5, 2021.**

**On behalf of everyone at Macfab Engineering, we wish you and your families a safe and prosperous new year and we all look forward to a much improved 2021. Cheers until March, Michelle, Mud & all the Macfab team**
