

3/4 THE WAY THROUGH 2021!

Clenisa, Muhilan & Bernie

Carrum Overpass

Echuca-Moama Bridge

Our new staff

Hello everyone and welcome to our 3rd newsletter for 2021.

The good news is hopefully we are soon heading into more of a Covid-free life with restrictions set to ease at 80% double vaccinated. I'm sure every Australian looks forward to that day where we can start enjoying some of the good things that we all were used to pre-2020!

Macfab continues to play a big part in the critical infrastructure continuing on throughout Australia. We have been classed as an "essential" business, grateful that we all still have employment and can come to work.

We also started some new Office staff (photo 1) and some promoted within their usual roles. Clenisa is now Senior Project Co-Ordinator (replacing Muhilan) and Muhilan is now Projects Manager. Bernie after 10 years has moved into Estimating after being a Project Co-Ordinator.
